About VINCI Energies

At just about every moment in your life, you benefit from the contribution of the VINCI Energies Group. We contribute to a changing world by connecting infrastructure, buildings and industrial sites to information and energy systems to improve your life every day.

In a world undergoing constant change, VINCI Energies focuses on connections, performance, energy efficiency and data to fast-track the rollout of new technologies and support two major changes: the digital transformation and the energy transition.

With their strong regional roots, agile and innovative, VINCI Energies' business units boost the reliability, safety, sustainability and efficiency of energy, transport and communication infrastructure, factories, buildings and information systems.

Key figures (2020): €13.7 billion revenue // 83,800 employees // 1,800 business units // 55 countries

VINCI Energies: decentralised organisation – shared values

VINCI Energies applies a multi-local business model based on entrepreneurship and networking of all its expertise, working closely with its customers to create value day-to-day.

Operating in 51 countries worldwide, our 1,600 business units intervene in [infrastructure](#), [industry](#), [service sector](#) and [information and communications technology \(ICT\)](#).

They are organised around five international brands – [Omexom](#), [Citeos](#), [Actemium](#), [VINCI Facilities](#) and [Axians](#) – in addition to brands with a more regional identity.

Our business units share a common corporate culture and [common values](#), despite the diversity of their activities, business lines and structures. The basic organisation and management principles thus remain identical for all the business units of the Group.

The strength derived from being part of the VINCI group

The VINCI Group is a world player in the construction and concession sectors. VINCI Energies accounted for more than a quarter of its activity in 2015 (26.5% of revenue).
