

VINCI foundation

Founded in 2002, the Fondation VINCI pour la Cité supports projects that provide solutions to the social or professional integration difficulties of the poorest. In Czech Republic, VINCI foundation (Nadace VINCI) evolves these ideas and creates connection between employees and inhabitants, between companies and cities or countrysides.

All VINCI companies in the Czech Republic, founders of VINCI foundation (Nadace VINCI), mobilize its human potential to give help and encourage to civil associations and projects of social and employment integration, culture and educational activities, sustainability and enviroment protection.
